## Notes

There will be no school this Friday for Veteran's Day.

Wednesday is Report Card pick-up day. If you have not signed up for a time already, be sure to see your child's homeroom teacher or email them to find out which times remain available! We look forward to talking to you all then. (Reminder: Students are welcome and encouraged to come to their conferences with you!)

## **Language Arts**

This week most students will continue Lesson 6 of our *Storytown* curriculum. The robust vocabulary words that students are continuing to practice in Lesson 6 are *skim, span, contribution, initiative, midst, shabby, dazed, elevated, embarrass, collapses*. The story we are reading for this lesson is *The Babe and I*, an example of the historical fiction genre. The lesson test will be this Thursday, November 10th. The language arts homework this week (and every week) will be a reading log for your child. Please take the time to initial it every day. We expect students to be reading at least 20 minutes every night.

Our spelling test will be on Tuesday (over the word sorts that students received last week). Their only spelling homework is to use the words in a sentence for Monday night.

## **Math**

This week we will be learning about factors in multiplication.

## **Science**

Don't forget, next Monday we'll be looking at the students' experiment plans, procedure, and materials list. We encourage students to be as detailed as possible when writing out a procedure. A good scientific procedure should be detailed enough so that another scientist could follow the steps and get the same results!

## Language Arts Homework Week of 11/7/16

*For their language arts homework this week, students are to read a MINIMUM of 20 minutes a night in a best-fit book of their choice. Please initial or sign to show that students have read the requisite amount of minutes.*
